Stories Goodreads Choice Winner:

The Story Keeper Lisa Wingate, 2020-03-17 She'd noticed immediately that I understood the lure of a good story. Sometimes a world that doesn't exist is the only escape from the one that does. When successful New York editor Jen Gibbs discovers a decaying slush pile manuscript on her desk, she has no idea that the story of Sarra, a young mixed-race woman trapped in Appalachia at the turn of the twentieth century, will both take her on a journey and change her forever. Happy with her life in the city and at the top of her career with a new job at Vida House Publishing, Jen has left her Appalachian past and twisted family ties far behind. But the search for the rest of the manuscript and Jen's suspicions about the identity of its unnamed author will draw her into a mystery that leads back to the heart of the Blue Ridge Mountains and quite possibly through the doors she thought she had closed forever.

Young Adult Resources Today Don Latham, Melissa Gross, 2014-05-21 Young Adult Resources Today: Connecting Teens with Books, Music, Games, Movies, and More is the first comprehensive young adult library services textbook specifically written for today's multidimensional information landscape. The authors integrate a research-focused information behavior approach with a literature-focused resources approach and bring together in one volume key issues related to research theory and practice in the provision of information services to young adults. Currently, no single book addresses both YA information behaviors and information resources in any detail; instead, books tend to focus on one and give only cursory attention to the other. Key features of this revolutionary book include its success in integrating theory, research, and practice; integrating implications for practice throughout the book; integrating knowledge of resources with professional practice as informed by research; integrating both print and electronic formats throughout; within the resource chapters, including websites and social media. Latham and Gross accomplish all this while paying particular attention to the socially constructed nature of young adulthood, diversity, YA development, and multiple literacies. Their coverage of information landscapes covers literature with detailed coverage of both genres and subgenres: movies, magazines, web sites, social media, and gaming. The final chapter covers navigating information landscapes, focusing on real and virtual YA spaces, readers advisory programming, and collaboration. Special attention is paid to program planning and evaluation.
