Parenting in the modern world can be overwhelming especially when it comes to helping your children navigate the challenges they may face. Raising Resilient Kids Roy L. Clement, 2023-01-20 Can we teach our children resilience in the same way that we educate them to be kind, take turns, or be respectful of others? Not quite. Everybody has some degree of resilience from birth and life circumstances may either foster it or inhibit it. Some children appear to be more resilient by nature while others seem to acquire the quality through time and via adversity. Resilience can also be simply defined as having done difficult things and understanding how to make them easier the next time.

How Parents Can Raise Resilient Children Frank Dixon, 2020-03-31 Tired of tantrums and tears. Discover a more mindful, attentive, and adaptive parenting style that instills a lifelong habit of resilience and confidence in your child. Being a parent isn't easy. From the ear-splitting temper tantrums of the terrible twos to the heart-stopping antics of elder siblings who should know better, sometimes the family home can feel more like a psychological battleground with a masterful manipulator of your emotions. One thing is for sure: a child's life is one of exploration, discovery, and wonder. But between those wondrous moments, even the most cautious of children will suffer the consequences of their youthful trial and error. As a parent, it's hard to say no to an eager little face that you love, and it only gets harder when resisting your natural hard-wired impulse to rush in and save them from their terrible decisions. Does this make you a bad parent? Of course not; you are like your children, a human trying to make sense of the world and you alone have the power and responsibility to show them the best path forward. *But Just Where Do You Draw the Line Between Liberty and Discipline?* *How Parents Can Raise Resilient Children* is a new step-by-step guide that shows parents how to navigate the precarious tightrope of raising independent, resilient, and honest children. Taking inspiration from some of the latest research in child development studies, Frank Dixon lifts the lid on just why kids will be kids and how parents can build an empathetic, nourishing, and stable relationship with their children based on empowering behavior, mentorship, and building on a foundation of 7 C's: competence, confidence, connection, character, contribution, coping, and control. Dixon offers an easy-to-follow strategy that frazzled parents

can immediately put into action Childish Mistakes Are the Building Blocks of Adult Success How Parents Can Raise Resilient Children reveals seven core areas of parenting where you can act as a role model when dealing with setbacks and upsets Through exploring these 7 C s with examples this book acts as a handbook for resilience parenting With its easy to understand style this guide offers step by step guidance to show parents how they can effectively Foster the brilliant imagination of the young mind with strategic use of praise and providing resources to enable the development of innate skills and talents Understand the way the human brain is wired in childhood and how to discipline mistakes with empathy and understanding rather than punishment Nourish and grow your relationship with your child as a trusted supporter and advisor through childhood and adulthood empowering both sides with love Demonstrate desired behaviors when faced with hardships through your own actions and thought processes to give your child a powerful emotional toolkit Know when to intervene and how to intervene when mistakes and failures happen and how to turn any situation into a powerful learning moment Make friends and develop strong bonds with peers with the ability to lead and influence through their character Develop an optimistic cheerful approach to life where failure isn t a disaster but merely a challenge that can be resolved with creative problem solving Life has never been fair As a parent your goal is to proudly guide and watch as your baby grows and develops into a resilient and stable adult emotionally equipped to handle life s vicious slings and arrows Click the Buy Now button today to order How Parents Can Raise Resilient Children Take the first step in investing in your relationship with your child today and give them the extraordinary gift of lifelong resilience
