Montessori at Home Guide A. M. Sterling, 2016-08-29 In this edition of the Montessori at Home Guide series you the parent or caregiver get 101 practical activities to help your 2-6 year old learn in a Montessori inspired way 101 Montessori Inspired Activities for Children Ages 2-6 contains A. M. Sterling's favorite activities along with activities submitted for inclusion by well-known Montessori bloggers such as Anastasia of Montessori Nature blog, Diane from When Hippos Talk blog, and more. This easy-to-understand guide is created to quickly fill your child's learning environment with activities that help them attain and sharpen these necessary skills: gross and fine motor, cognitive, logic, dexterity, hand-eye coordination, and more. These activities also teach practical life skills including self-care and care of the environment, as well as getting children started in food preparation. For each activity in this book, there will soon be released an associated children's story book. Each of the 101 children's story books will be Montessori inspired and illustrated by the same artist who created the cover art for this book, Robert McKinney. The books will be based on the lives of real children, teaching respect for other cultures. They will contain not only real-life situations that a child can learn from, but the main character in each story will complete an activity from this book to possibly generate interest. We feel that these Montessori inspired children's story books will be an excellent compliment to the resource we hope this activity book can become for you. Montessori learning is gaining popularity across the globe as more and more Montessori schools open. The Montessori at Home Guide series helps you bring this incredibly effective way of learning home as well. You love your children and want to give them the very best. Give them the best learning method to achieve their true potential. Give your children the gift of Montessori.

Child's Play Maja Pitamic, Claire MD.

McCarthy, 2008 As adults we often underestimate the value that play has in developing children both physically and mentally. In the first few years of a child's life, the brain is growing at a rapid rate and play cannot be overvalued at this time as it allows a child to engage and make sense of the world. Child's Play is an activity book filled with play ideas for parents to enjoy with their toddlers from 12 months through to three years of age. Each game offers parents the chance to relish, encourage, and assist in their child's key developmental stage and all activities are based on sound techniques of early childhood education. They are presented with guidelines and suggestions that progress in terms of difficulty and no specialised knowledge or equipment is necessary. From encouraging your infant to explore the sense of touch and increase their coordination to performing action songs and discovering the garden or local park, Child's Play offers children and parents the chance to learn and play together.

Story, Formation, and Culture Benjamin D. Espinoza, James Riley Estep Jr., Shirley Morgenthaler, 2018-10-15. *Story Formation and Culture* brings together a myriad of scholars, researchers, and ministry leaders into conversation about how we can effectively nurture the spirituality of children. Built around the three themes of story formation and culture, this volume blends cutting edge research and insights with attention to how we can bring theory into practice in our ministries with children. The work of children's spiritual formation is often a marginalized component in the church's overall ministry. This volume seeks to equip pastors, leaders, and scholars with cutting edge research and practices that effectively strengthen their ministries with children.

Ananda Store, 2021-06-07. The Montessori method of education was developed by Italian physician Maria Montessori. Emphasizing independence, it views children as naturally eager for knowledge and capable of initiating learning in a sufficiently supportive and well-prepared learning environment. It discourages some conventional measures of achievement such as grades and tests. Montessori developed her theories in the early 1900s through scientific experimentation with her students; the method has since been used in many parts of the world in public and private schools alike. This Montessori workbook works great in a Montessori environment as well as in a regular home school. This unique workbook is designed to keep your little ones' absorbent mind engaged. Perfect for preschool, pre-k, and kindergarten ages 3-7. No previous Montessori experience required. Realistic pictures have been used instead of cartoons to promote learning about the beauty of the real world. Bright full color to appeal to and engage the young learners. Large size: 8.5x11. 70 pages. About Ananda Store: Ananda Store is a mom and dad run publishing company. We are passionate about kids' books, happiness, and creating cute and practical books for kids.

Intimately Situated Stories of Place Iris Berger, 2024-11-10. This edited volume illuminates how intimate relations with place can transform early childhood pedagogy by presenting a diverse range of situated place stories. The book begins to answer big questions facing the early childhood education community, including: What is situated locally responsive education at a time when both researchers and educators grapple with their responsibility and response ability to initiate and inspire alternative environmental ethics and anticolonial approaches that invite active participation from children?

Chapters will include work from Indigenous and non Indigenous researchers and educators who center the role of place in cultural identity community building and anticolonial projects throughout their work and teaching *Montessori Toddler Activities* Olivia Orlando, 2019-09-30 Looking For Fun Educational Activities For Your Toddler Reap all the benefits of Montessori education with more than 100 activities that will help your little one Build Confidence Become Self Motivated Discover His Her Talents Develop Essential Skills While Having Fun Click Buy Now Enjoy Endless Hours Of Montessori Fun With Your Little One If you are reading this then you already know that the Montessori educational method can introduce your child to a brave new world of opportunities and benefits However did you know that there are more than 100 Montessori activities for toddlers that will help your boy or girl think out of the box Olivia Orlando author of the best selling Montessori Made Knowledge and Activities to Create Guide and Excel in Learning and The Montessori Home How to Create a Montessori Toddler Environment at Home is back with a brand new Montessori book for parents that will allow you to help Spark Your Child's Curiosity Promote Imagination Promote Your Kid's Creative Problem Solving Ability Creativity Improve Your Toddler's Fine Motor Communication Skills And the best part You will be able to spend quality time with your kids and discover new oceans of fun Why Choose The Montessori Toddler Activities Instead of wasting your time with online blogs articles and endless videos you can find everything you need in a simple easy to follow and parent approved book on Montessori activities for toddlers By the end of this comprehensive Montessori activities book you will be able to Understand What Makes An Activity Montessori Learn The Types Of Activities That Qualify As Montessori Let Your Child Choose From Dozens Of Practical Sensorial Music and Movement or Art and Crafts Activities Click Add To Cart NOW Shaped by the Story Michael Novelli, 2013-10-15 After more than a decade in youth ministry Michael Novelli felt like he'd tried everything to connect his students to the Bible Then a missionary introduced him to the art of Bible storying an imaginative way to engage in the scriptures through storytelling creative reflection and dialogue He soon discovered that Bible storying was not only an effective teaching approach but a powerful way to awaken people to new purpose and identity rooted in the biblical narrative In 2012 Michael partnered with sparkhouse to create Echo the Story curriculum based on his approach to Bible storying Michael has seen people of all ages benefit from this imaginative way of encountering God through the Bible In this book you'll find methods for adapting Bible storying for varied contexts and ages testimonials from people using this approach tools to create your own Bible storying narratives and details about the proven learning theories guiding this approach
