Andrew Kille, 2007 Foreword by Walter Wink In recent years theologians and biblical scholars have begun to delve into the insights that come from the application of psychology to biblical texts While these methods continue to be useful and popular nowhere have the foundational texts in the field been collected Wayne Rollins and Andrew Kille who have both published and taught widely in the area of psychological biblical criticism have assembled an excellent guide for those interested in this fascinating topic Included in this anthology are articles from across the landscape spanning over one hundred years and including such authors as Franz Delitzsch M Scott Fletcher Max Weber Walter Wink and many other scholars **Soul and Psyche** Wayne G. Harold Ellens, 2012-05-03 For centuries scholars have been developing ways of studying the bible through exegesis historical critique literary critique form criticism and narrative analysis During the last half century new theoretical approaches have come to the fore Psychological Hermeneutics takes as its starting point the text itself and its context the dynamics of the human document created the person's who authored the text the original audience for which it was intended the subsequent audiences to

which it spoke and the factors that were at play behind in and in front of the text The contributions to this volume examine the growth of Psychological Hermeneutics as a discipline within biblical studies The book is structured in two parts The first assesses the approach taken by Wayne G Rollins one of the pioneers of this field The second provides applications of Rollins approach The result is a book which presents a state of the art survey of the discipline and development of Psychological Hermeneutics over the last thirty years

The Bible and Lay People Andrew Village, 2016-03-23 There are many books about how people ought to interpret the Bible This book is about how people in churches actually interpret the Bible and why they interpret it in the way that they do Based on a study of Anglicans in the Church of England it explores the interaction of belief personality experience and context and sheds new light on the way that texts interact with readers The author shows how the results of such study can begin to shape an empirically based theology of scripture This unique study approaches reader centred criticism and the theology of scripture from a completely new angle and will be of interest to both scholars and those who use the Bible in churches

Divine Disorder and the Rescue of God Mark Corner, 2024-02-13 Divine Disorder and the Rescue of God is based on the idea that a kenotic approach is essential to a viable theology It is deeply influenced by the way such an approach influenced the writings of Donald MacKinnon Part I argues that God forces us to live in a state of uncertainty even about God s existence However compelling the sense of God s presence may be religious experience cannot take that uncertainty away We have to understand what sort of God would want to impose upon us the disorder of uncertainty Part II explores this further in terms of God s willingness to give a degree of independence to the created order while Part III compares the instability of the created order with that of the moral order By giving human beings freedom God opens up the possibility of failure including that of God The doctrine of the fall expresses the impossibility of giving human beings autonomy without risking disaster In Parts IV and V the book looks more closely at the nature of this God who embraces risk suffering and even failure Who is the deity behind this divine disorder The focus from a Christian perspective is upon the risk suffering and failure displayed in the life of Christ Jesus is drawn into something that it is beyond him to fathom hence the troubled uncertain character of his own life But from a kenotic perspective even a life marked by failure can be the focal point of God s self revelation

A Jungian and Psychoanalytic Approach to Biblical Myth and Religion Lionel Corbett, 2024-12 This book describes some of the major psychological processes that underpin various biblical stories and some of the theological speculation to which they have given rise Psychological biblical criticism as described here is suggested as an alternative or supplement to historical cultural textual philological literary and other types of biblical criticism Using a combination of Jungian and psychoanalytic theory Corbett shows how some biblical material arises from human psychodynamics while some originates in the archetypal level of the psyche and is further elaborated as it passes through the human level of the psyche The author addresses some of the traditional anxieties about psychological approaches to biblical stories He views Jung s approach as an evolving mythology of

the sacred that offers an alternative to purely theological approaches to the Bible and to the traditions that emerged from it This book will be of value to practicing psychotherapists and analysts particularly those who treat patients with a religious background as well as trainees clergy and graduate students in this area Reconceptualising Conversion Zeba A. Crook,2012-08-09 Die Studie nimmt die bisherige Diskussion der Konversion in der Antike neu auf durch eine Verknüpfung von klassischen epigraphischen und biblischen Quellen mit einer sozialwissenschaftlichen Methodologie Der Autor hinterfragt dabei die bisher vorausgesetzte psychologische Kontinuität zwischen antiken und modernen Menschen und bietet statt dessen ein Modell welches an den Denkvoraussetzungen der Antike selbst gebildet wurde Die griechisch römischen und mediterranen Religionen und Philosophien also auch das hellenistische Judentum und das Christentum orientierten sich an den Modellen von Patronat und Loyalität Das Verständnis der antiken Konversion muss also hier ansetzen In diesem Zusammenhang wird auch die Bekehrung des Paulus neu gedeutet **Paul and Death** Linda Joelsson,2016-11-03 Cover Title Copyright Dedication Contents Acknowledgments 1 Paul and death A question of psychological coping 2 Coping with death in Paul's early letters 3 The Corinthian correspondence 4 Romans 5 The prison letters 6 Conclusions and prospects for further research Index Toronto Journal of Theology ,2003 **The Ideas of the Fall and of Original Sin** Norman Powell Williams,1927 *Psychoanalytic Mediations between Marxist and Postcolonial Reading of the Bible* Tat-siong Benny Liew,Erin Runions,2016-10-14 The first sustained conversation between Marxism postcolonialism and psychoanalysis in biblical studies This volume pursues critical readings of the Bible that put psychoanalysis into conversation with Marxist and postcolonial criticism In these essays psychoanalysis provides a way to mediate between Marxism's materialist groundings and postcolonialism's resistance against empire The essays in the volume illuminate the way empire has shaped the biblical text by looking at the biblical texts' silences ruptures oversights over emphases and inexplicable elements These details are read as symptoms of a set of oppressive material relations that shaped and continue to haunt the text in the ascendancy of the text in the name of the West Features Essays and responses from multiple perspectives and geographical locations including Africa Australia Oceania Latin America and North America Psychoanalysis that considers how the traumas of colonialism manifest both materially and psychically Close readings of biblical texts *The Destructive Power of Religion: Models and cases of violence in religion* J.
