## Raising Resilient Kids Insights:

**Raising Resilient Kids** Raising Resilient Kids, 2024-12-05 Mr Anup Prabhakaran is a highly respected authority in the field of Education with over 15 years of experience working in various educational settings around the globe. His expertise extends beyond traditional educational leadership encompassing a deep commitment to training teachers on mindfulness and Social Emotional Learning (SEL) methods. These skills are crucial in today's educational landscape where fostering emotional intelligence and resilience in students is as important as academic achievement. He has a proven track record of designing and implementing effective training programs for educators. He has led numerous workshops that focus on the integration of mindfulness practices and SEL strategies into the classroom, equipping teachers with the tools to nurture a holistic learning environment. These workshops are grounded in the latest research on emotional and social development, ensuring that teachers can apply practical evidence-based strategies in their daily interactions with students. His approach to Parenting Education is comprehensive and nuanced, drawing from his extensive experience in international education. He understands that effective parenting goes hand in hand with mindful teaching practices, especially in today's diverse and multicultural classrooms. By promoting mindfulness, he has helped parents and educators foster a calm and supportive environment where children can develop self-awareness, empathy, and emotional regulation. Mr Anup's work is not just about imparting knowledge; it is about inspiring transformation in educational practices and parenting approaches worldwide. By focusing on the emotional and social well-being of children, he ensures that both parents and educators are equipped to support the development of well-rounded, emotionally intelligent individuals who are prepared to navigate the complexities of the modern world.

**Raising Resilient Kids** Harper Northwood, 2024-09-05  
In a world where digital technology is seamlessly woven into the fabric of daily life, our children are more connected than ever before. But with these connections come new challenges, ones that many parents find difficult to navigate. *Raising Resilient Kids: Parenting Strategies for the Digital Age* by Harper Northwood delves into the complexities of parenting in this digital era, where screens often compete with real-world experiences for our children's attention. Northwood explores the mismatch hypothesis, a concept that explains why the allure of the virtual world can sometimes overshadow the joys and necessities of the physical one. By highlighting the potential mental health risks associated with excessive digital engagement, this book serves as both a warning and a guide. Through insightful analysis and practical strategies, Northwood equips parents with the tools they need to help their children thrive in both the digital and real worlds. This essential guide is for any parent concerned about the impact of digital technology on their child's well-being. Discover how to foster resilience in your children and ensure they are well prepared to face the challenges of the digital age.

Introduction: Hello! My name is Lola, and while I'm not a professional child psychologist or a licensed parenting expert, I've had the immense privilege of caring for many children over the years. As a mother to my own children and a foster parent to many others, I've experienced the joys, challenges, and surprises that come with raising children from all kinds of backgrounds. I wrote this book to share the practical life skills that I found to be essential for the five year olds in my care. Skills that can make a world of difference as they grow. When I first became a foster parent, I was filled with excitement, but I'll admit there was some nervousness too. Each child came into my life with a unique story, their own needs, and their own ways of seeing the world. I quickly realized that while each child's circumstances varied, there was a common set of skills they all needed to thrive: emotional regulation, social interaction, confidence, resilience, and a sense of responsibility. These weren't just skills for surviving tough days; they were the foundations for a happy, balanced life. This book is a collection of those experiences, insights, and methods that I've tried, adapted, and learned from over the years. I've included many real-life examples because I believe that sharing stories helps us see these lessons more clearly. Some of the stories come from my own children, others from the foster children who have shared my home. Each story is different, but I've come to learn that the skills behind them are universal. I'll walk you through practical, down-to-earth ways to teach these

skills to your own child in a way that works for real life You don t need a degree or a special talent to teach these skills you just need a little patience a lot of love and the willingness to learn and grow alongside your child Parenting is a journey for us too I hope that by sharing my experiences in Raising Resilient Kids I can give you some useful tools and ideas as well as the reassurance that you re not alone in facing the many twists and turns of parenting So whether you re raising your own children or opening your home to foster kids I hope this book offers you guidance encouragement and a few ideas that make your days a little smoother Thank you for joining me on this journey I m honored to share it with you
