ways while being compassionate and considerate of others Historically parenting has focused on raising children who are well behaved through the use of rewards and punishments without understanding the true causes of children's behaviour. In their first authored collaboration Marion Rose and Lael Stone share the compassion and wisdom they've acquired from a combined 40 years of experience working with families. Informed by an Aware Parenting lens they provide a framework and methodology for parents to understand the root causes of the most common parenting challenges including sleep issues, aggression and anxiety.
