Contemporary Perspectives on Ecofeminism Mary Phillips, Nick Rumens, 2015-11-19 Why is ecofeminism still needed to address the environmental emergencies and challenges of our times Ecofeminism has a chequered history in terms of its popularity and its perceived value in conceptualizing the relationship between gender and nature as well as feeding forms of activism that aim to confront the environmental challenges of the moment This book provides a much needed comprehensive overview of the relevance and value of using eco feminist theories It gives a broad coverage of traditional and emerging eco feminist theories and explores across a range of chapters their various contributions and uniquely spans various strands of ecofeminist thinking The origins of influential eco feminist theories are discussed including key themes and some of its leading figures contributors include Erika Cudworth Greta Gaard Trish Glazebrook and Niamh Moore and outlines its influence on how scholars might come to a more generative understanding of the natural environment The book examines eco feminism s potential contribution for advancing current discussions and research on the relationships between the humans and more than humans that share our world This timely volume makes a distinctive scholarly contribution and is a valuable resources for students and academics in the fields of environmentalism political ecology sustainability and nature resource management [Understanding Public Debates](#) Jens Martin Gurr, 2024-06-20 By historicizing and contextualizing them through readings of carefully selected literary texts literary studies can contribute to understanding and rationalizing key debates waged in many pluralist societies today whether on different conceptions of liberty identity politics historical commemoration challenges of globalization or responses to climate change *Understanding Public Debates* presents case studies including Milton s *Paradise Lost* P B

Shelley's 1820 Reform essay Philip Roth's *The Human Stain* the songwriting of Neil Young and Edward Young's 1720s Sea Odes recent climate fiction as well as non literary conflict narratives Rather than mining texts for arguments for or against certain positions this book is interested in how texts stage these debates by means of multiple perspectives narrative situations or ambiguities By suggesting how educators might use literary texts as conversation starters for more rational debates the volume also contributes to Public Literary Studies Three important fields are here brought together 1 the study of societal debates and conflicts and the ways in which they challenge pluralist societies 2 explorations of the societal functions of literature and of non literary narratives and 3 discussions of the role and functions of literary studies The book ends with ten crisp theses on how literary studies can contribute to understanding and rationalizing such conflictive debates
