trauma in layman's term easy to understand that includes healing exercises. Having an understanding of trauma and knowledge of healing exercises is the foundation to healing trauma. In 2000 Gerald started to develop the book. With 16 years of research on trauma, post traumatic stress disorder and healing exercises and facilitating over 300 workshops throughout Canada, Gerald has developed this trauma healing guide that provides a clear and basic understanding of how trauma impacts the mind and body. A understanding of post traumatic stress disorder and healing exercises to eliminate the stress from the traumatic event. Journal writing exercises are also included. The Trauma Survivor's Guide to Healing Travis Jessop, 2020-05-14. I understand the magnitude of damage left behind in the aftermath of trauma. Not only through my years of coaching trauma survivors but because I too am a survivor of unimaginable trauma. A few years ago I watched my 3 year old son die in an auto accident just days after losing my Dad to cancer. Shortly after losing my son I found myself homeless and beyond broke. I desperately needed help from somebody who not only understood trauma but had survived and HEALED after experiencing trauma. I needed help and I didn't know where else to turn. So I began weekly therapy sessions. After thousands of dollars and many years of meeting with different counselors I was diagnosed with PTSD. The diagnosis was great at least now I had a name for the beast in my head but I was still not feeling the peace I was desperately seeking. So I began my quest to heal from PTSD on my own so I could get control over my mind and emotions and create a new life for myself. My life after trauma. I know from personal experience that trauma can destroy everything you value. It can leave you broke, mentally, financially and spiritually. It destroys friendships and relationships. The very things you once placed so much value on no longer matter. After years of studying trauma and PTSD I began to coach other trauma survivors and I discovered that we all seem to have a common theme in the way our brains and bodies react when they try to process the trauma and damage that has taken place. I made a promise to myself that when I had healed from trauma that I would help others heal from their traumas so I created a simple step by step guide in the pages of this short book called **The Trauma Survivor's Guide To Healing**.
