Introduction Hello My name is Lola and while I'm not a professional child psychologist or a licensed parenting expert I've had the immense privilege of caring for many children over the years As a mother to my own children and a foster parent to many others I've experienced the joys challenges and surprises that come with raising children from all kinds of backgrounds I wrote this book to share the practical life skills that

I found to be essential for the five year olds in my care skills that can make a world of difference as they grow When I first became a foster parent I was filled with excitement but I ll admit there was some nervousness too Each child came into my life with a unique story their own needs and their own ways of seeing the world I quickly realized that while each child s circumstances varied there was a common set of skills they all needed to thrive emotional regulation social interaction confidence resilience and a sense of responsibility These weren t just skills for surviving tough days they were the foundations for a happy balanced life This book is a collection of those experiences insights and methods that I ve tried adapted and learned from over the years I ve included many real life examples because I believe that sharing stories helps us see these lessons more clearly Some of the stories come from my own children others from the foster children who have shared my home Each story is different but I ve come to learn that the skills behind them are universal I ll walk you through practical down to earth ways to teach these skills to your own child in a way that works for real life You don t need a degree or a special talent to teach these skills you just need a little patience a lot of love and the willingness to learn and grow alongside your child Parenting is a journey for us too I hope that by sharing my experiences in Raising Resilient Kids I can give you some useful tools and ideas as well as the reassurance that you re not alone in facing the many twists and turns of parenting So whether you re raising your own children or opening your home to foster kids I hope this book offers you guidance encouragement and a few ideas that make your days a little smoother Thank you for joining me on this journey I m honored to share it with you

Maternity and Pediatric Nursing Susan Scott Ricci, Terri Kyle, 2009 Authors Susan Ricci and Terri Kyle have teamed up to deliver a unique resource for your students to understand the health needs of women and children This new combination book Maternity and Pediatric Nursing will empower the reader to guide women and their children toward higher levels of wellness throughout the life cycle The textbook emphasizes how to anticipate identify and address common problems to allow timely evidence based interventions Features include unfolding case studies throughout each chapter multiple examples of critical thinking and an outstanding visual presentation with extensive illustrations depicting key concepts A bound in CD ROM and a companion Website include video clips and NCLEX style review questions

See how They Grow Sue Martin, Jennifer Eileen Berke, 2007 See How They Grow Infants and Toddlers is a book that offers an overview of the growth and development of infants and toddlers from the neonate stage through the age of three There is special emphasis on the phenomenological approach This approach requires that the caregiver adopts a perspective that leads to a more human and responsive understanding of each child This approach is combined with the scientific methodology allowing the caregiver to achieve a level of improved competence becoming reflective practitioners There is careful consideration of cultural differences in the book due to the ever present and increasing diversity of the US population This allows the caregiver to be fully aware of how culture beliefs and traditions can influence the ultimate development of a child The early chapters describe the philosophy of the book and explain various methods of observation They also provide a

baseline of information on growth and development Further chapters focus on development in 3 month spans leading to the full examination of how children grow and change rapidly in all domains physical emotional social cognitive and language Developmental variations and alerts are considered at each level including health and safety issues as well as potential signs of abuse and neglect The book includes multiple learning tools including key terms and words of wisdom as well as an online companion The reader will benefit fully from this thoughtful reference based in the acknowledgment that all children are competent and powerful learners

Handbook of Resilience in Children Sam Goldstein,Robert B. Brooks,2023-03-09

The third edition of this handbook addresses not only the concept of resilience in children who overcome adversity but it also explores the development of children not considered at risk addressing recent challenges as a consequence of the COVID 19 pandemic The new edition reviews the scientific literature that supports findings that stress hardiness and resilience in all children leads to happier and healthier lives as well as improved functionality across the lifespan In this edition expert contributors examine resilience in relation to environmental stressors as phenomena in child and adolescent disorders and as a means toward positive adaptation into adulthood The significantly expanded third edition includes new and significantly revised chapters that explore strategies for developing resilience in families clinical practice and educational settings as well as its nurturance in caregivers and teachers Key areas of coverage include Exploration of the four waves of resilience research Resilience in gene environment transactions Resilience in boys and girls Resilience in family processes Asset building as an essential component of intervention Assessment of social and emotional competencies related to resilience Building resilience through school bullying prevention Resilience in positive youth development Enhancing resilience through effective thinking The Handbook of Resilience in Children Third Edition is an essential reference for researchers clinicians and allied practitioners and graduate students across such interrelated disciplines as child and school psychology social work public health as well as developmental psychology special and general education child and adolescent psychiatry family studies and pediatrics
