*Wealth Habits* Candy Valentino, 2022-11-21 You don't have to be educated or connected to be wealthy. How do wealthy people do it? Are they geniuses? Lucky? We tend to think something special must be going on because it looks like magic. But nothing could be further from the truth. Wealthy people have simply adopted six key yet ordinary habits and they do them extraordinarily well. Candy Valentino opened her first brick and mortar store at 19, no college, no connections, no money, and built it into a seven figure business before most of her friends graduated college. Over two decades of success as a serial entrepreneur and real estate investor, she has labored relentlessly to crack the code of the super wealthy and in doing so has unearthed six simple habits that directly contribute to those who become part of the self-made millionaire class. In *Wealth Habits*, Valentino reveals all six habits and shows you how you can put them to work for you. Long term investing strategies. How to recession proof your business. Ways to keep money out of the IRS hands. What to teach your children about money. How to establish financial protection and security. The secrets to keep more of the money you make so you can invest more. Think and get rich will only get you so far. It's time to do and become wealthy and set yourself up for a lifetime of true financial freedom.

*The Power of Ownership* Justin Roethlingshoefer, 2024-04-15 Learn to look and feel your best as you discover a new perspective on your mind, body, and health. In *The Power of Ownership: Redeem Your Health, Live Life by Design* and Break the Relentless Pursuit of Normal, author Justin Roethlingshoefer delivers a transformative tool for empowerment designed to enable you to take control of your health in a holistic and personalized way. After managing the health, wellness, and performance of the best athletes in the world for more than a decade, the failure to do that for himself almost cost him his life and fueled his mission to solve this problem for not just athletes but high-achieving people pursuing a mission. Avoiding robotic and cookie-cutter approaches, Roethlingshoefer offers the tools, systems, and processes you need to rebuild your life and health in a way that makes sense for you and your body. The book is a simple, actionable, and relatable tool instead of a textbook or loose collection of stories located at the intersection of art and cutting-edge health science. It's filled with lessons you'll be able to understand with ease and apply to your life immediately. You'll find strategies you can use to ensure your new health journey is a sustained and effective one that helps you manage stress and avoid burnout. Discussions exploding the Myth of Normal that breeds shame, fear, guilt, and confusion by normalizing stress and fatigue. Explorations of the power and value of a life by design and ways to help you live differently according to what your body requires. An essential and inspiring resource for anyone who wants to look and feel better. *The Power of Ownership* will transform the way you think about and achieve health for you and your team.
