[Tenacity in Children](#) Sam Goldstein,Robert B. Brooks,2021-04-10 Tenacity in Children examines how multiple generations of parents and caregivers raised children to become successful adults Until relatively recent times in human history there were no schools or organized institutions nor were there parenting books Rather caregivers depended on the seven important instincts that evolved across tens of thousands of years in the human species This volume highlights the ways in which these instincts are more important than ever in preparing children for tomorrow's successes Key areas of coverage include individual chapters devoted to examining each of the seven instincts intuitive optimism intrinsic motivation compassionate empathy simultaneous intelligence genuine altruism virtuous responsibility and measured fairness as well as practical strategies to guide children in acquiring and fine tuning these essential human instincts Tenacity in Children

provides a solid foundation to prepare children for a resilient and happy future. It offers well defined guideposts for adults committed to providing every child with the opportunity to access, strengthen and employ these instincts as they negotiate childhood and passage into adult life. This book also serves as a rich resource for researchers, practitioners and graduate students in mental health and public health disciplines as well as many interrelated fields as we all strive to promote the well being of children. The collaboration of these two esteemed psychologists has been impacting on our field for decades. This new book continues that tradition. Richard D Lavoie M A M Ed Author of *It's So Much Work to Be Your Friend* *Helping Children with Learning Disabilities Find Social Success* *Tenacity in Children* is the perfect balance between concepts, knowledge, scientific discourse, practical ideas and touching stories that truly illustrate the principles shared in the book. This book should reach the hands of every person dedicated to working with children. Encarni Gallardo MBA CBM Executive Director Children's Service Society of Utah. Written in an easy to read narrative style, Drs Goldstein and Brooks impart their innovative concept of *Tenacity in Children* along with its seven essential instincts by using heartwarming stories, personal and professional insights, research and wisdom. **Brain-Body Parenting** Mona Delahooke, 2022-03-15 NATIONAL BESTSELLER From a leading child psychologist comes this groundbreaking new understanding of children's behavior offering insight and strategies to support both parents and children. Nominated for Malcolm Gladwell Susan Cain Adam Grant and Daniel H Pink's Next Big Idea Club. Over her decades as a clinical psychologist Dr. Mona Delahooke has routinely counseled distraught parents who struggle to manage their children's challenging sometimes oppositional behaviors. These families are understandably focused on correcting or improving a child's lack of compliance emotional outbursts tantrums and other out of control behavior. But as she has shared with these families a perspective shift is needed. Behavior no matter how challenging is not the problem but a symptom a clue about what is happening in a child's unique physiologic makeup. In *Brain Body Parenting* Dr. Delahooke offers a radical new approach to parenting based on her clinical experience as well as the most recent research in neuroscience and child psychology. Instead of a top down approach to behavior that focuses on the thinking brain she calls for a bottom up approach that considers the essential role of the entire nervous system which produces children's feelings and behaviors. When we begin to understand the biology beneath the behavior suggests Dr. Delahooke we give our children the resources they need to grow and thrive and we give ourselves the gift of a happier more connected relationship with them. *Brain Body Parenting* empowers parents with tools to help their children develop self regulation skills while also encouraging parental self care which is crucial for parents to have the capacity to provide the essential co regulation children need. When parents shift from trying to secure compliance to supporting connection and balance in the body and mind they unlock a deeper understanding of their child encouraging calmer behavior more harmonious family dynamics and increased resilience.
