**Literary World** ,1885     *The Myth of the Andalusian Paradise* Darío Fernández-Morera,2016-02-09 Scholars journalists and politicians uphold Muslim ruled medieval Spain al Andalus as a multicultural paradise a place where Muslims Christians and Jews lived in harmony There is only one problem with this widely accepted account it is a myth In this groundbreaking book Northwestern University scholar Darío Fernández Morera tells the full story of Islamic Spain The Myth of the Andalusian Paradise shines light on hidden features of this medieval culture by drawing on an abundance of primary sources that scholars have ignored as well as archaeological evidence only recently unearthed This supposed beacon of peaceful coexistence began of course with the Islamic Caliphate's conquest of Spain Far from a land of tolerance Islamic Spain was marked by religious and therefore cultural repression in all areas of life and by the marginalization of Christians and other groups all this in the service of social control by autocratic rulers and a class of religious authorities As professors politicians and pundits continue to celebrate Islamic Spain for its multiculturalism and diversity Fernández Morera sets the record straight showing that a politically useful myth is a myth nonetheless     **The Musical Herald** ,1893     *Critic and Good Literature* ,1885
