## **Climate Fiction and Cultural Analysis**

Gregers Andersen,2019-09-25 Climate Fiction and Cultural Analysis argues that the popularity of the term climate fiction has paradoxically exhausted the term s descriptive power and that it has developed into a black box containing all kinds of fictions which depict climatic events and has consequently lost its true significance Aware of the prospect of ecological collapse as well as our apparent inability to avert it we face geophysical changes of drastic proportions that severely challenge our ability to imagine the consequences This book argues that this crisis of imagination can be partly relieved by climate fiction which may help us comprehend the potential impact of the crisis we are facing Strictly assigning climate fiction to fictions that incorporate the climatological paradigm of anthropogenic global warming into their plots this book sets out to salvage the term s speculative quality It argues that climate fiction should be regarded as no less than a vital supplement to climate science because climate fiction makes visible and conceivable future modes of existence within worlds not only deemed likely by science but which are scientifically anticipated Focusing primarily on English and German language fictions Climate Fiction and Cultural Analysis shows how Western climate fiction sketches various affective and cognitive relations to the world in its utilization of a small number of recurring imaginaries or imagination forms This book will be of great interest to students and scholars of ecocriticism the environmental humanities and literary and culture studies more generally

**Imagining the End** James Craig Holte, 2019-11-11 *Imagining the End* provides students and general readers with contextualized examples of how the apocalypse has been imagined across all mediums of American popular culture. Detailed entries analyze the development, influence, and enjoyment of end times narratives. *Imagining the End* provides a contextual overview and individual description and analysis of the wide range of depictions of the end of the world that have appeared in American popular culture. American writers, filmmakers, television producers, and game developers inundated the culture with hundreds of imagined apocalyptic scenarios influenced by the Biblical Book of Revelation, the advent of the end of the second millennium 2000 CE, or predictions of catastrophic events such as nuclear war, climate change, and the spread of AIDS. From being raptured to surviving the zombie apocalypse, readers and viewers have been left with an almost endless sequence of disasters to experience. *Imagining the End* examines this phenomenon and provides a context for understanding and perhaps appreciating the end of the world. This title is composed of alphabetized entries covering all topics related to the end times, covering popular culture mediums such as comic books, literature, films, and music. **All Kinds of Scary** Jonina Anderson-Lopez, 2023-06-12 Horror fiction in literature, film, and television display a wealth of potential and appeal to diverse audiences. The trope of the black man always dies first, still however, haunts the genre. This book focuses on the latest cycle of diversity in horror fiction, starting with the release of *Get Out* in 2017, which inspired a new speculative turn for the genre. Using various critical frameworks like feminism and colonialism, the book also assesses diversity gaps in horror fictions with an emphasis on marketing and storytelling methodology. Reviewing the canon and definitions of horror may point to influences for future implications of diversity, which has cyclically manifested in horror fictions throughout history. This book studies works from literature, film, and television while acknowledging that each of the formats are distinct artforms that complement each other. The author compares diverse representation in novels like *The Castle of Otranto*, *Frankenstein*, *Fledgling*, *Broken Monsters*, and Mexican Gothic Horror films like *Bride of Frankenstein*, *It Comes at Night*, *Us*, and *Get Out*. Lastly, the author emphasizes the diverse horror fictions in television like *The Exorcist*, *Fear the Walking Dead*, *The Twilight Zone*, and *Castle Rock*.
