Congress. House. Committee on Oversight and Government Reform. Subcommittee on Energy Policy, Health Care, and Entitlements, United States. Congress. House. Committee on Homeland Security. Subcommittee on Cybersecurity, Infrastructure Protection, and Security Technologies, 2014      The Affordable Health Care Act (ObamaCare) and the Concept of Universal Healthcare Patrick Kimuyu, 2017-11-28 Research Paper postgraduate from the year 2016 in the subject Health Public Health grade 1 Egerton University language English abstract Healthcare reforms in the United States have always been faced with challenges ranging from the drafting of the concerned policies to their implementation This is probably the reason as to why the U S healthcare system has never attained remarkable sustainability especially through the elimination of health inequalities with the population However ObamaCare has attracted unprecedented political criticism owing to its cost consequences Therefore this paper will provide an overview of the U S context in which the Affordable Care Act has attracted political criticism It will also present the methods used to analyze different perspectives of the issue in regard to political narrative strategies in which the dominant perspective will discuss the concept on universal healthcare as a reliable public policy      The First Great Financial Crisis of the 21st Century James R. Barth, George G. Kaufman, 2015 Although there have been numerous studies of the causes and consequences of the Great Financial Crisis of 2007 2010 in the US and abroad many of these were undertaken only for a small number of countries and before the financial and economic effects were fully realized and before various governmental policy responses were decided upon and actually implemented This book aims to fill these voids by providing a more

thorough assessment now that the worst events and the regulatory reforms are sufficiently behind us and much more information about these developments is available It reviews and analyzes the causes and consequences of and the regulatory responses to the Great Financial Crisis particularly from a public policy viewpoint In the process it explores such intriguing questions as What caused the crisis How did the crisis differ across countries What is the outlook for another crisis and when This is a must read for those who are trying to find answers to these questions

**Perversion of Justice** Julie K. Brown, 2021-07-20 The New York Times Bestseller A gripping journalistic procedural Spotlight meets Erin Brockovich Michelle Goldberg The New York Times Julie K Brown s important book offers not just a definitive account of the Epstein case but a compelling window into her own experiences as a dogged reporter at a regional newspaper facing off against powerful interests set against her reporting Ronan Farrow Pulitzer Prize winning author of Catch and Kill Dauntless journalist Julie K Brown recounts her uncompromising and risky investigation of Jeffrey Epstein s underage sex trafficking operation and the explosive reporting for the Miami Herald that finally brought him to justice while exposing the powerful people and broken system that protected him For many years billionaire Jeffrey Epstein s penchant for teenage girls was an open secret in the high society of Palm Beach Florida and Upper East Side Manhattan Charged in 2008 with soliciting prostitution from minors Epstein was treated with unheard of leniency dictating the terms of his non prosecution The media virtually ignored the failures of the criminal justice system and Epstein s friends and business partners brushed the allegations aside But when in 2017 the U S Attorney who approved Epstein s plea deal Alexander Acosta was chosen by President Trump as Labor Secretary reporter Julie K Brown was compelled to ask questions Despite her editor s skepticism that she could add a new dimension to a known story Brown determined that her goal would be to track down the victims themselves Poring over thousands of redacted court documents traveling across the country and chasing down information in difficulty and sometimes dangerous circumstances Brown tracked down dozens of Epstein s victims now young women struggling to reclaim their lives after the trauma and shame they had endured Brown s resulting three part series in the Miami Herald was one of the most explosive news stories of the decade revealing how Epstein ran a global sex trafficking pyramid scheme with impunity for years targeting vulnerable teens often from fractured homes and then turning them into recruiters The outrage led to Epstein s arrest the disappearance and eventual arrest of his closest accomplice Ghislaine Maxwell and the resignation of Acosta The financier s mysterious suicide in a New York City jail cell prompted wild speculation about the secrets he took to the grave and whether his death was intentional or the result of foul play Tracking Epstein s evolution from a college dropout to one of the most successful financiers in the country whose associates included Donald Trump Prince Andrew and Bill Clinton **Perversion of Justice** builds on Brown s original award winning series showing the power of truth the value of local reportage and the tenacity of one woman in the face of the deep seated corruption of powerful men

Tate, 2013 Explores the intricacies of and offers practical guidance on the Patient Protection and Affordable Care Act 50 Vetoes Michael F. Cannon, 2013-03-27 The Patient Protection and Affordable Care Act PPACA remains vulnerable to repeal largely because Congress and the Supreme Court have granted each state the power to veto major provisions of the law before they take effect in 2014 The PPACA itself empowers states to block the employer mandate to exempt many of their low and middle income taxpayers from the individual mandate and to reduce federal deficit spending simply by not establishing a health insurance exchange To date 34 states have refused to create Exchanges and some 16 states have announced they would not expand their Medicaid programs Yet the Obama administration is trying to coerce states into implementing parts of the expansion that the Court rendered optional This special White Paper provides a comprehensive review of the process now occurring between states and the Obama Administration underscoring how a critical mass of states exercising their vetoes over Exchanges and the Medicaid expansion can force Congress to reconsider and hopefully repeal the rest of the PPACA
