Gothic Fiction and the Invention of Terrorism Joseph Crawford, 2013-09-12 Choice Outstanding Academic Title 2014 This book examines the connections between the growth of terror fiction the genre now known as Gothic in the late eighteenth century and the simultaneous appearance of the conceptual origins of terrorism as a category of political action. In the 1790s Crawford argues four interconnected bodies of writing arose in Britain the historical mythology of the French Revolution the political rhetoric of terrorism the genre of political conspiracy theory and the literary genre of Gothic fiction known at the time as terrorist novel writing. All four bodies of writing drew heavily upon one another in order to articulate their shared sense of the radical and monstrous otherness of the extremes of human evil a sense which was quite new to the eighteenth century but has remained central to the ways in which we have thought and written about evil and violence ever since.

*The Radical Fiction of Ann Petry* Keith Clark, 2013-06-03 In his in-depth analysis of the works of Ann Petry 1908-1997 Keith Clark moves beyond assessments of Petry as a major mid twentieth century African American author and the sole female member of the Wright School of Social Protest. He focuses on her innovative approaches to gender performance sexuality and literary technique. Engaging a variety of disciplinary frameworks including gothic criticism masculinity and gender studies queer theory and psychoanalytic theory Clark offers fresh readings of Petry's three novels and collection of short stories. He explores for example Petry's use of terror in *The Street* where both blacks and whites appear physically and psychically monstrous. He identifies the use of dark comedy and the macabre in the stories *The Bones of Louella Brown* and *The Witness*. Petry's overlooked second novel *Country Place* set in a deceptively serene Connecticut hamlet camouflages a world as nightmarish as the Harlem of her previous work. While confirming the black feminist dimensions of Petry's writing Clark also assesses the writer's representations of an array of black and white masculine behaviors some socially sanctioned others taboo in her unheralded masterpiece *The Narrows* and her widely anthologized short story *Like a Winding Sheet*. Expansive in scope *The Radical Fiction of Ann Petry* analyzes Petry's unique concerns and agile techniques situating her among more celebrated male contemporary writers.

**Best of 'The Goth'. ,1995      Dickens and Benjamin** Gillian Piggott,2016-04-15 Placing the works of

Charles Dickens and Walter Benjamin in conversation with one another Gillian Piggott argues that the two writers display a shared vision of modernity Her analysis of their works shows that both writers demonstrate a decreased confidence in the capacity to experience truth or religious meaning in an increasingly materialist world and that both occupy similar positions towards urban modernity and its effect upon experience Piggott juxtaposes her exploration of Benjamin s ideas on allegory and messianism with an examination of Dickens s The Old Curiosity Shop arguing that both writers proffer a melancholy vision of a world devoid of space and time for religious experience a state of affairs they associate with the onset of industrial capitalism In Benjamin s The Arcades Project and Dickens s Sketches by Boz and Tale of Two Cities among other works the authors converge in their hugely influential treatments of the city as a site of perambulation creativity memory and autobiography At the same time both authors relate to the vertiginous mutable fast paced nature of city life as involving a concomitant change in the structure of experience an alteration that can be understood as a reduction in the capacity to experience fully Piggott s persuasive analyses enable a reading of Dickens as part of a European particularly a German tradition of thinkers and writers of industrialization and modernity For both Dickens and Benjamin truth appears only in moments of revelation in fragments of modernity
