BLUMBERG, 2025-12-29 Isabella had never been one to back down from a fight, especially when it came to holding powerful corporations accountable for their wrongdoings. As an environmental lawyer, she was used to facing off with ruthless CEOs and corrupt industries. But Darius Nikolaos was different. A billionaire with charm, wealth, and a reputation that made him untouchable, Darius had become the very symbol of everything she despised. What Isabella didn't know was that Darius's wealth wasn't his only secret. Beneath the tailored suits and commanding presence lay a truth that could destroy everything: he was a werewolf, and his family's bloodline was bound by an ancient prophecy that threatened the supernatural world itself. When Isabella's investigation leads her into his orbit, sparks fly. Despite her growing attraction to him, she can't shake the feeling that there's something more to Darius than what meets the eye. But when she discovers he's carrying his child, one with unimaginable power, they are thrust into a fight for survival. Their enemies are closing in, and Kane Sterling, a ruthless rival with his own deadly agenda, will stop at nothing to tear their world apart. In a battle where love, trust, and betrayal hang in the balance, Isabella and Darius must choose to fight for each other or face the destruction of everything they hold dear. Will their love be enough to overcome the enemies gathering around them, or will the truth unravel their fated bond forever?

Möbius Media Jeffrey A. Tolbert, Michael Dylan Foster, 2024-07-15 Möbius Media explores the interplay of popular and traditional cultures, reminding readers that expressive cultural forms are never mutually exclusive but exist in a state of creative tension and interconnection, merging and redefining one another. With this insightful volume, editors Jeffrey Tolbert and Michael Dylan Foster build on their earlier work *The Folkloresque* by considering how folklore is understood and mobilized within a variety of popular discourses and commercial marketplaces. The collection challenges readers to consider the stakes of labeling something as folklore or folk. It demonstrates the rhetorical and political potency of ideas such as traditionality, heritage, and community in storytelling venues, including films, games, and even podcasts, in the construction and policing of genres and in the selling of commodities. By interrogating popular media and expressions that make use of ideas,

such as folklore tradition authenticity and heritage M bius Media further develops the theoretical applicability of the folkloresque concept and encourages productive interdisciplinary dialogue Through the lens of the folkloresque scholars can better see the hidden ideologies that inform the marketplace and influence contemporary modes of communication This interdisciplinary work will appeal to scholars and students of cultural studies media studies popular culture literature anthropology and related areas
