## Alien Invasion Fiction Case Studies:

Women Musicians in Victorian Fiction, 1860-1900 Phyllis Weliver,2016-07-28 Over the first half of the nineteenth century writers like Austen and Bront confined their critiques to satirical portrayals of women musicians Later however a marked shift occurred with the introduction of musical female characters where were positively to be feared First published in 2000 this book examines the reasons for this shift in representations of female musicians in Victorian fiction from 1860 1900 Focusing on changing gender roles musical practices and the framing of both of these scientific discourses the book explores how fictional notions of female musicians diverged from actual trends in music making This book will be of interest to those studying nineteenth century literature and music

Soundscapes and Stories: Using Audio to Evoke Imagery Ahmed Musa,2024-12-29 Sound is a powerful tool for storytelling capable of evoking emotions enhancing imagery and immersing listeners in a narrative This book explores how soundscapes can be used to enhance storytelling whether in film podcasts or written work Learn how to use ambient sounds music and voiceovers to create vivid imagery and engage your audience With insights into the art of sound design and practical tips for integrating sound into your stories this book is an essential guide for anyone looking to add depth and texture to their narratives

**Puzzling Stories** Steven Willemse,Miklós Kiss,2022-08-12 Many films and novels defy our ability to make sense of the plot While puzzling storytelling strange incongruities inviting enigmas and persistent ambiguities have been central to the effects of many literary and cinematic traditions a great deal of contemporary films and television series bring such qualities to the mainstream but wherein lies the attractiveness of perplexing works of fiction This collected volume offers the first comprehensive multidisciplinary and trans medial approach to the question of cognitive challenge in narrative art bringing together psychological philosophical formal historical and empirical perspectives from leading scholars across these fields

*Ghost Stories for Darwin* Banu Subramaniam,2014-10-15 In a stimulating interchange between feminist studies and biology Banu Subramaniam explores how her dissertation on flower color variation in morning glories launched her on an intellectual odyssey that engaged the feminist studies of sciences in the experimental practices of science by tracing the central and critical idea of variation in biology Subramaniam reveals the histories of eugenics and genetics and their impact on the metaphorical understandings of difference and diversity that permeate common understandings of differences among people exist in contexts that seem distant from the so called objective hard sciences Journeying into interdisciplinary areas that range from the social history of plants to speculative fiction Subramaniam uncovers key relationships between the life sciences women s studies evolutionary and invasive biology and the history of ecology and how ideas of diversity and difference emerged and persist in each field

**Writing and Responsibility** Carl Tighe,2005-07-12 In a world where literary scandals often end up in court the issue of responsibility in writing has never been more important In this groundbreaking study Carl Tighe asks the questions every writer needs to consider What is it that writers do Are they responsible for all the uses to which their writing might be put Or

no more responsible than their readers How are a writer's responsibilities compromised or defined by commercial or political pressures or by notions of tradition or originality How does a writer's audience affect their responsibilities Are these the same for writers in all parts of the world under all political and social systems The first part of this book defines responsibility and looks at its relation to ideas such as power accuracy kitsch and political correctness The second part examines how particular writers have dealt with these issues through a series of often controversial case studies including American Psycho Crash and The Tin Drum Writing and Responsibility encourages its readers to interrogate the choices they make as writers A fascinating look at the public consequences of the private act of writing Carl Tighe's book is a must read for everyone who writes or studies writing **Sharing Our Science** Brandon R. Brown, 2023-08-29 A personal practical and inspirational guide to written and oral STEM communications for scientists and technical professionals In **Sharing Our Science** scientist turned writing teacher Brandon Brown offers an eminently useful guidebook for STEM practitioners looking to communicate their technical work to either a technical or a broader audience Professionals are increasingly required to communicate their work through blogs podcasts and newsletters and to submit to traditional media After seeing his colleagues struggle to find a writing guide that tackled the unique challenges of writing and speaking about scientific topics Brown set out to write the definitive handbook to assist STEM students scientists engineers and tech workers alike In this practical and relevant book Brown uses his experience as a proven science communicator to cover three levels of writing fundamental craft considerations such as narrative tension structure sentences and audience unique scientific considerations such as conveying numbers and utilizing metaphors and finally social considerations such as public speaking and writing inside and outside of silos In place of a reference manual Brown's engaging narrative guide clarifies the fundamental principles that impact all scientific communication tasks from white papers and slide decks to Zoom meetings and emails **Sharing Our Science** represents the culmination of a lifetime of writing research and teaching that will enrich scientists careers and illuminate the ways in which science is done and conveyed to the world
