**Children's Books on Ancient Greek and Roman Mythology** Antoine Brazouski, Mary J Klatt, 1993-11-23 The classical heritage continues to impact modern culture in many ways. This bibliography lists and describes those books on Greek and Roman mythology from the mid 19th century to the present which are useful for introducing children to the classical world. The volume begins with a brief history of children's books on classical mythology in the United States. A chapter then discusses the various techniques through which classical myths were adapted for children. The annotated bibliography follows with each entry including a critical annotation on how closely the work adheres to the original myth. Each entry also includes an indication of the grade level of each book. Indexes allow the user to locate sources according to title, illustrator, time period, myth and subject.

**Write with Fire** Charles Allen Gramlich, 2009-07-01 This guide to writing fiction is divided into three sections. Part One deals with the mechanics of writing. How do you get ideas and shepherd them through the writing and editing process into finished and publishable form? Where do you look for markets? Part Two consists of more general articles about writing and writers. Part Three includes pieces that are more personal to the author's own history as a writer. A bibliography of suggested reading completes the guide. Page 4 of cover.

**Teaching English by the Book** James Clements, 2017-12-07 Teaching English by the Book is about putting great books, wonderful poems and rich texts at the heart of English teaching, transforming children's attitudes to reading and writing and having a positive impact on learning. It offers a practical approach to teaching a text based curriculum full of strategies and ideas that are immediately useable in the classroom. Written by James Clements, teacher, researcher, writer and creator of [shakespeareandmore.com](http://shakespeareandmore.com). Teaching English by the Book provides effective ideas for enthusing children about literature, poetry and picturebooks. It offers techniques and activities to teach grammar, punctuation and spelling, provides support and guidance on planning lessons and units for meaningful learning and shows how to bring texts to life through drama and the use of multimedia and film texts. Teaching English by the Book is for all teachers who aspire to use great books to introduce children to ideas beyond their own experience, encounter concepts that have never occurred to them before, to hear and read beautiful language and experience what it's like to lose themselves in a story, developing a genuine love of English that will stay with them forever.
