While You're Awake is your call to stop drifting through life on autopilot and start consciously designing the story you're here to live. Most people wait for a crisis, a loss, or a breakdown to begin questioning their choices. This book invites you to begin now with eyes open and full agency so you can change the story before the plot twist hits. Examine your patterns. Audit your beliefs. Interrupt the habits that were written by fear, not by truth. This isn't about creating a fantasy life; it's about owning the one you're living, rewriting it where needed, and stepping into authorship with intention. Every day is a sentence. Every decision, a line. And the story you're telling with your life is unfolding, whether you're conscious of it or not. So why not make it something you're proud of? You don't have to rewrite it all overnight. You just have to stop sleepwalking through chapters you never meant to be in. Because when you wake up to your own voice, your own values, and your own power, everything in the story changes.
