*Confidential Material*

NAME: Sebastian Smith  
DATE OF BIRTH: 5/8/1985  
CHRONOLOGICAL AGE: 16 years 3 months  
PARENTS: Mary Smith & Sebastian Smith  
GRADE: completed ninth grade

DATES OF ASSESSMENT: 7/17; 7/27/01  
DATE OF REPORT: 8/3/01

### IDENTIFYING DATA AND REASON FOR REFERRAL:

Sebastian is a 16 years 3 months old Caucasian adolescent, who was referred for a psychological evaluation to determine his current cognitive and emotional status. Sebastian has a long history of poor school performance due to numerous. Despite extensive private tutoring and accommodations from his school he has failed to succeed academically. The contributing factors include poor school attendance, possible attending and learning problems, and complex family dynamics.

### SOURCES OF INFORMATION:

Background information was obtained from his mother, his previous social worker, former psychologist, and numerous psychological, educational and medical reports. This information was obtained from interview, developmental history and rating scales as well as medical records. This information appears to be from reliable sources and valid.

Current status of his learning and behavior was obtained from observation during testing and from standardized psychological, neuropsychological and achievement tests. The validity of his performance on most tests was deemed to be accurate due to his cooperation and motivation to perform the tests.

### BACKGROUND INFORMATION:

#### Current Concern:

Sebastian has long struggled with his academic performance and proper social behavior. His relationship with both parents is complex and he often is torn between both. His ability to maintain motivation in his schoolwork is of concern and recommendations will be made with these factors in mind. The most pressing concern at this time is his use of illegal substances (marijuana).

#### Medical and Development History:

**Pregnancy and birth history:** Sebastian's mother reported that she was 29 and his father was 31 at the time of his birth. There were no complications of pregnancy or

Zammit, James W. Hull, 2013-11-21 The internship is the capstone experience of professional education and training preparatory for the application of psychology in health and human services It is analogous for the practice of psychology to

what the doctoral dissertation represents in the student's development as a scholar. At its best the internship should be viewed as far more than simply a requirement for one's degree or licensure a rite de passage for entry into the profession. Rather it should be regarded by students and faculty alike as a rich opportunity for personal and professional growth the opportunity to assess and even rethink one's assumptions about human behavior and psychological problems in the context of different client populations types of problems addressed and psychological service system environments. In articulating the first formal guidelines for the accreditation of graduate training programs in clinical psychology a committee of the American Psychological Association comprised of distinguished psychologists of their day asked What are the aims of a psychological internship? The committee replied to that question as follows Underlying all of its aims is the principle that the knowledge essential to the practice of clinical psychology cannot be obtained solely from books lectures or any other devices which merely provide information about people or about ways of studying them
