Perspectives on the Philosophy of David K. Lewis Helen Beebee,A. R. J. Fisher,2022 This volume offers philosophical perspectives on the work of David K Lewis one of the most important analytic philosophers of the twentieth century Leading philosophers of today discuss his contributions to metaphysics epistemology semantics and ethics

Analytic Theism

Joshua R. Sijuwade,2024-05-28 This book explores and develops a new philosophical argument for the existence of God from metaphysics It focuses on exploring the pressing questions of God s existence the truth of theistic belief and its relevance in modern philosophy In doing so it bridges the discussions and debates in the field of contemporary metaphysics with that of analytic philosophy of religion At its core metaphysics is dedicated to unveiling the fundamental structure of reality playing a critical role in any intellectual endeavour in the quest for truth However a noticeable gap has persisted between today s metaphysical conversations and the debates in analytic philosophy of religion especially regarding the topic of God s existence In this book the author embarks on a rigorous exploration presenting an innovative a posteriori argument for theism rooted in the latest evidence and theories from contemporary metaphysics The first part of the book details the explanatory framework of the analysis which is focused on introducing a new abductive methodology within metaphysics that provides a way for assessing the veracity of theism and the leading fundamental theories in contemporary metaphysics The second part of the book then focuses on demonstrating how the central concepts and theories within contemporary metaphysics such as quantum foundations four dimensionalism formal ontology essentialism grounding powerful causation mereology free will personhood and the reality of suffering are best explained by the existence of God and thus justify theism over that of the competing theories within contemporary metaphysics Theism is thus the best working metaphysical theory and should take a central place in fundamental enquiries within the field of contemporary metaphysics and beyond Analytic Theism A Philosophical Investigation is a must read for scholars and advanced students venturing into philosophy of religion and metaphysics Beyond its appeal to those in analytic philosophy of religion and metaphysics this work also resonates with those immersed in contemporary philosophy on a whole and related fields of inquiry serving as a pivotal read for anyone keen on the intersections of philosophy theology and science

The Grandfather Paradox Steven Burgauer, 2017-01-17

Marooned in the present their only hope for the future lay in the past But first there was still the small matter of staying alive The planet they were marooned on was crawling with bird beasts immense parrotlike carnivores that stood two meters tall weighed upwards of fifty klogs and had a giant scooped beak like a pelican They normally swallowed their prey whole though not before crushing them to death in their vise like jaws Then there were the vipers writhing snake like creatures armed with dozens of sucker bearing tentacles They sprayed their victims with acid then ate them while they were still alive But it got worse Much worse Now join Andu Nehrengel and his female clone companions on an intense voyage through time First stop the Civil War and the Battle of Shiloh April 1862 one of the most horrendous land battles of all time Meet Mark Twain when he is still a riverboat pilot Journey with him north to Missouri when he joins the Confederacy Then it's back to the future and on to Mars And when you're done reading this adventure check out these other fine books by author Steven Burgauer The Night of the Eleventh Sun The Road To War Duty Drill Courage Capture and his newest historical fiction piece Nazi Saboteurs on the Bayou with a short video trailer <https://www.youtube.com/watch?v=nQs2pwr89RI>
