Education Department,1979 **The Education Gazette of the Province of the Cape of Good Hope** ,1982 *China* Anjali Kumar,1994-01-01 World Bank Discussion Paper No 251 This study investigates the conflicting viewpoints of small and medium size enterprises SMEs and banks the SMEs contend that the supply of bank financing is largely unavailable to them while banks maintain that lending to these enterprises remains low because of lack of demand Surveys were conducted among enterprises to assess demand and sources of finance and financial institutions were interviewed to analyze the reasons for constraints on the supply side Results show that credit is rarely granted for starting a new business Thus the smaller the enterprise the greater the equity finance share of the initial investment Evidence also suggests that exploitation of highly profitable opportunities could be accelerated by these enterprises if they had greater access to external financing The study concludes that financial liberalization has had little effect on the access of SMEs to bank credit It explains why banks have shown little interest in developing these enterprises as a market niche and suggests techniques that banks could adopt to overcome lending risks **State of the Urban Youth, 2010/2011** ,2010 This report is based on data from UN HABITAT s Global Urban Indicator Database as well as surveys of and focus group discussions with selected representative groups of young people in five major cities located in four developing regions Rio de Janeiro Brazil Mumbai India Kingston Jamaica Nairobi Kenya and Lagos Nigeria p ix *The Annalist* ,1921 *Sessional Papers of the Dominion of Canada* Canada.
