essentiellement comme des victimes de souteneurs ou de leur fausse conscience cinq spécialistes ont entrepris la rédaction collective d'un livre pour démythifier plusieurs préjugés liés au travail du sexe. Sont abordés dans ce livre original les fondements du débat actuel de la prostitution comme travail, les différentes réponses des régimes juridiques, la variété de pratiques et d'expertises mises en oeuvre par les femmes elles-mêmes incluant celles des migrantes illégales et l'action collective des regroupements qui luttent pour une reconnaissance du travail du sexe. Mais oui, c'est un travail, invite donc à construire certains mythes et stéréotypes et tayer la preuve, l'effet qu'il est non seulement possible de défendre la légitimité du travail du sexe tout en luttant contre la violence, mais que cela est nécessaire.

Les Lacunes en matière de recherche dans la littérature sur la prostitution, 2001. Ce document décrit les principales tendances et questions en ce qui concerne les travaux de recherche contemporains sur la prostitution, la législation sur le sujet et la politique de service social du Canada dans le but d'établir les priorités immédiates en matière de recherche. Le document porte sur des recherches effectuées sur les personnes associées à la prostitution : vendeurs de sexe, gestionnaires d'entreprises de prostitution, consommateurs de sexe et sur les mesures sociales, législatives et politiques prises à l'égard de la prostitution, y compris celles adoptées par le système de justice pénale et le système d'aide sociale.

Luttes XXX Maria Nengeh Mensah, Louise Toupin, Claire Thiboutot, 2011. Ce sont ces luttes et ces mobilisations ayant nourri le mouvement des travailleuses du sexe qui sont ici consignées et présentées dans cette anthologie. La diversité des discours qu'on y retrouve et qui sont ceux des actrices et les acteurs eux-mêmes fournit des pistes réflexives tout fait nouvelles et peu prises en compte en dehors du mouvement des travailleuses du sexe : l'organisation, le travail, le féminisme, le témoignage, la criminalisation, le VIH/sida, le travail en contexte migratoire et l'expression culturelle constituent ainsi une section particulière pour les 85 textes et la cinquantaine d'illustrations regroupés dans cette anthologie. Les luttes des travailleuses du sexe contre les injustices leur gardées ne datent pas d'hier. Depuis le milieu du XIXe siècle, les voix des travailleuses du sexe de différents pays ont réclamé la reconnaissance de leurs droits comme être humain part entière et la décriminalisation de leurs activités entre adultes consentants. Les travailleuses du sexe dénoncent les injustices auxquelles la société entière les soumet et revendiquent une place, c'est-à-dire un statut, une identité professionnelle, une reconnaissance, une existence sociale. Ce faisant, elles se dévoilent comme des actrices sociales et politiques et explorent de nouvelles façons de résister et d'exister. **Luttes XXX** est une ressource incontournable, l'intention de la génération des nouvelles militantes pour les droits des travailleuses et travailleurs du sexe, elle fait connaître de l'intérieur la posture singulière et dynamique qu'expriment les travailleuses du sexe lorsqu'elles parlent de leurs luttes sociales et de leur parcours individuels et souhaite établir des liens entre le féminisme des travailleuses du sexe d'ici et d'ailleurs et celui du mouvement des femmes.

Les prostitueurs Victor Malarek, 2013-03. Qui sont ces hommes qui paient pour le sexe ? Pourquoi le font-ils ? Quel plaisir en tirent-ils ? Aussi innovatrice qu'attentive, l'enquête de Victor Malarek s'intéresse à ces hommes qui, sur Internet et dans les pays de destination des touristes sexuels, talent et justifient leurs fantasmes, leur ignorance et leurs privilèges d'hommes.
