**Marriage and Property** Elizabeth M. Craik, 1991

Josephine Butler, Octavia Hill, Florence Nightingale Nancy Boyd, 1982 The three women who had the greatest effect on social policy in Britain in the nineteenth century were Josephine Butler Octavia Hill and Florence Nightingale In an era when most women were confined to the kitchen and the salon these three moved confidently into positions of world leadership Josephine Butler raised opposition to the state regulation of prostitution and confronted the root issues of poverty and of civil rights for women Octavia Hill artist teacher and great conservationist enabled thousands of families to meet the dislocations of the industrial revolution and created a new profession that of the social worker Florence Nightingale not only shattered precedent by establishing a training school for nurses she also pioneered work in the use of statistical analysis and her practicality and passionate urgency effected radical reforms in medical practice and public health These women attributed their social view and the impetus for their vocation to their religious faith Rejecting the constraints on women s work

imposed by conventional religion they found in the gospels ground for radical action As daughters and prophetesses of God they felt called to build the New Jerusalem This book analyses their world view both as a source of social policies and as a driving force In addition it presents the factors of family class time and place that nurtured their vocation and those that impeded it But the purpose of this study is wider than that In incorporating the material of spiritual biography Nancy Boyd works out the relation between the inner and the outer self between vision and programme between contemplation and action Back cover

Victims and Viragos Gregory Durston, 2007 This book considers the experiences of eighteenth century women in the Metropolitan area as both the victims and perpetrators of a variety of crimes and as participants in different forms in the era's criminal justice system In doing so it makes extensive use of primary as well as secondary sources The book is written so as to be readily accessible to the general reader as well as to academics and eschews the more arcane language that sometimes surrounds gendered subjects The eight chapters are broad enough to cover an extensive range of crimes while remaining manageable in size Vitally the book considers the impact of what was largely an urban rather than rural environment on women's lives and how this affected their offending and victimisation patterns
