Culture Shani Orgad,Rosalind Gill,2021-12-06 In Confidence Culture Shani Orgad and Rosalind Gill argue that imperatives directed at women to love your body and believe in yourself imply that psychological blocks rather than entrenched social injustices hold women back Interrogating the prominence of confidence in contemporary discourse about body image workplace relationships motherhood and international development Orgad and Gill draw on Foucault s notion of technologies of self to demonstrate how confidence culture demands of women near constant introspection and vigilance in the service of self improvement They argue that while confidence messaging may feel good it does not address structural and systemic oppression Rather confidence culture suggests that women along with people of color the disabled and other marginalized groups are responsible for their own conditions Rejecting confidence culture s remaking of feminism along individualistic and neoliberal lines Orgad and Gill explore alternative articulations of feminism that go beyond the confidence imperative

Feminism and Sorority Digital World,2025-02-24 Napoleon Hill was a renowned author and thinker who developed important concepts for personal and professional success Its fundamental ideas include the importance of self discipline self confidence self motivation focus persistence and positive thinking to achieve goals He emphasized the importance of building solid relationships dealing with challenges in a resilient way and constantly seeking personal development In summary Napoleon Hill s teachings highlight the need for a positive and proactive mindset combined with diligent and strategic action to overcome obstacles and achieve success in various areas of life In this e book are some general tips for applying Hill s teachings for self confidence positive self image Don t give up on your goals even when things get difficult This study explores the intersection of feminist principles and the concept of sorority drawing insights from Napoleon Hill s Smarter Than the Devil While seemingly disparate this analysis argues that Hill s emphasis on Master Mind groups characterized by collaboration mutual support and shared vision resonates with core tenets of feminist thought particularly regarding collective action and empowerment This paper examines how the dynamics of these groups as described by Hill can be interpreted through a feminist lens considering issues of power voice and agency within collaborative environments It further explores the potential of such groups to foster female solidarity and contribute to feminist goals The research concludes by

Judgment in Managerial Decision Making Max H. Bazerman, Don A.

Moore, 2012-10-16 Behavioral decision research provides many important insights into managerial behavior. From negotiation to investment decisions, the authors weave behavioral decision research into the organizational realm by examining judgment in a variety of managerial contexts. Embedded with the latest research and theories, *Managerial Decision Making* 8th Edition gives students the opportunity to understand their own decision-making tendencies, learn strategies for overcoming cognitive biases, and become better decision makers.

Contagious You: Unlock Your Power to Influence, Lead, and Create the Impact You Want Anese Cavanaugh, 2019-11-06

The much anticipated follow-up to *Contagious Culture* shows aspiring leaders how to embody the qualities they wish to cultivate in their organizations. In *Contagious Culture*, Anese Cavanaugh proved that it is possible to create an energized and engaged organizational culture that spreads from person to person. Now in *Contagious You*, she hones in on the individual, showing us how each of us is contagious in our own way and stressing the importance of leading with intention to achieve positive results. For anyone who's sought to create change or felt sucked into the drama and chaos of a toxic work environment, this book will advance the notion that everyone at an organization is a leader for good or for bad, and that leaders have tremendous power to influence those who follow their example. The quality of our leadership is based upon our intentions, energy, and presence. By emphasizing authorship, self-care, and response ability, not responsibility, as leadership skills, and therefore cultural amplifiers, *Contagious You* shows you how to walk the path of more effective leadership while navigating the roadblocks in your way. Whether these roadblocks are working with negative co-workers with secret agendas and unrealistic expectations or just the general busyness of life and its excessive demands, this book will take you on a journey to create more space, more courageous leadership, and stronger collaboration to influence others and create the impact you desire. The common denominator is YOU. No matter what level you're on, your intentions, energy, and presence impact your ability to do anything within your life. *Contagious You* is an invitation to UNLOCK your own power. YOU set the tone. YOU are the culture. So show up, lead, and intentionally become the change you wish to see.
