more than that When we color a drawing we express creativity feelings and imagination and transform them into art Oscar Wilde once wrote that mere color unspoiled by meaning and unallied with definite form can speak to the soul in a thousand different ways All children love to color Filling in drawings of various shapes with different colors just draws all the attention and focus to that one activity thus a child while coloring surely does a lot more than just having fun To encourage and

support little creative minds to develop and do what they like buy them our special colouring books Our Animals colouring books for kids includes 50 completely unique coloring pages of different cute animals There are NO duplicate images in this book The pages are single sided to prevent bleed through and so that pages can be removed and displayed without losing an image on the back We have carefully designed each page to be entertaining and suitable for children in the 2 to 8 year old
